Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(a) provided you agree in writing to:

1. Replace the current application instructions (which are more suitable to outdoor than indoor use) with instructions suitable for indoor use.
2. To the label include a warranty section.
3. Change the Ingredients Statement so that all components have the same amount of decimal places.
4. Change the Environmental Hazards statements to "Do not apply near water, storm drains, or drainage ditches. Do not apply if windy or when heavy rainfall is expected. Rinse applicator over treated area away from storm drains".

FIRST AID STATEMENT

- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice.
- **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- **IF ON SKIN OR ON CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance. Then give artificial

respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **Note to Physician:** measures against circulatory shock, respiratory depression and convulsion may be needed, if emesis has not occurred.”.

(SEE BACK PANEL FOR ADDITIONAL PRECAUTIONS)
Thoroughly clean out spray container with clean water. Use correct measuring device and do not mix more than is needed. To prevent foaming and ensure adequate mixing, add part of water to spray tank, then **INTERCEPTOR™**, mix and add remaining water. Agitate whilst mixing and applying.

Application

Ensure that all weed foliage is totally covered with spray as Interceptor is a contact spray only. Partial coverage will give partial control. With low pressure sprayers, a solid cone nozzle (1.5-2.0 L/min, 40-60psi) gives best results. This type of nozzle can be obtained from Spraying Systems Co – TG2 is recommended or equivalent spray nozzle can be used. Optimum application volumes are related to weed maturity and density and the degree of weed seed control desired. A minimum water volume of 0.20 fl. Oz. per sq ft (6mls per sq mtr is recommended.

Avoid prolonged contact with aluminum or rubber. Application area may become slippery when wet. Avoid area until dry.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal

Subject: EPA Reg. 83778-R/ Interceptor Weed and Seed Control

Dear Ms. Laird:

**Product ingredient source information may be entitled
to confidential treatment**

After reviewing your application for registering Interceptor Weed & Weed Seed Control, I have determined that your product does not qualify as a me-too application. The product you are citing similarity too [REDACTED] is only to be used for formulation of disinfectants. For your application to qualify as a me-too with the formulator's exemption you need to cite a product with a similar use, in this case a product used as herbicide or for formulation into a herbicide. Or you may choose the selective citation method and you must cite or submit studies addressing environmental fate and effects and ecological risks in relation to registering this product.

Please let me know within one week of receipt of this letter what you plan to do about this application. If you have any questions please call Erik Kraft at 703-308-9358 or kraft.erik@epa.gov.

Sincerely,

Jim Tompkins
